# Community Involvement Update: September Achievements

## •Community Involvement Activities

- California Coastal Cleanup Day on Saturday, September 20th
  - Held at India Basin Shoreline Park
    - Location changed from Heron's Head Park based on Site Leader's input
  - 2 team members volunteered for the cleanup
  - HPNS mailing list was available for volunteers to sign up to receive information
    - Limited turnout resulted in only one new mailing list signup
  - Based on historically low interest by volunteers in HPNS mailing list/materials at this event, this activity might be removed from the outreach list for 2015
- Team will evaluate alternative activity in lieu of California Coastal Cleanup Day
